

Multi Drop Drivers

Hourly Wage + Overtime

We are looking to expand on our customer delivery service using non-tachograph vehicles in and around the South West.

You will carry heavy items of Glass and Windows and therefore must be in good physical health to be able to load and unload these items.

You will be required to work overtime as we pride ourselves on completing all deliveries regardless of traffic congestion.

Any knowledge of the Double Glazing sector would be a distinct advantage. A full clean driving licence is essential.
